Suzanne Morris Papers
1971-1981
17.5 inches

Processed by Anna B. Peebler, May 1998

Michael E. Wilson originally processed this collection in 1979. New items were added after Anna Peebler found a box containing Final Galley and Foundry Proof of novel *Galveston* in the vault. The new inventory also reflects the manuscript of Morris' 1981 novel *Skychild* which was added to the collection without changing the original inventory.

Morris' correspondence with the archivists and director of the Rosenberg Library pertains to historical research done for *Galveston* and for an article about the library Morris submitted to *Texas Parade*.
