International Longshoremen's Association (ILA), Local 851

Records, 1953-1965

1 linear foot; 2 manuscript boxes

This ILA collection consists of miscellaneous records, including correspondence, reports, and financial records.

The records were evidently transferred to the Rosenberg Library about 1983, when Local 851 and another African American ILA local were merged with two white ILA locals upon the orders of a federal judge.

Arrangement is chronological.
